

energycanvas

Why and how we do something is central to our values and the services we offer. We are looking to grow our team with people who want to be part of a growing and dynamic entrepreneurial business focused on the carbon-neutral, renewable energy future.

Position Title:

Project Manager (Full-Time)

About Energy Canvas:

We are a renewable energy company focused on reliable renewable energy and integration systems. We specialize in renewable energy generation, energy storage and microgrid systems for remote and edge of grid consumers with a particular focus on diesel displacement. Our asset development activities and technology focuses on creating value throughout the asset's life from inception to operation.

Job Description:

- This role includes project-related travel
- Coordinate, help lead and support the installation of met towers up to 140m. At-height training will be provided
- Use software tools to build Gantt charts for project planning and monitoring

Ideal Candidate for this position:

- Willingness to travel within Canada to support projects with field services
- Willingness to travel abroad for training and for projects if necessary.
- Competence and willingness to work at height
- Class 5 Driver's License
- Proficiency in Microsoft Office programs (e.g. Word, Excel, Outlook and MS Project)

This role can be work from home or from the Halifax area and will be focused on Atlantic Canada-based projects.

Please send your resume and cover letter to jobs@energycanvas.com, and our hiring team will get back to you as soon as possible!
